

Big Apple - Model Dimensions (Arial View)

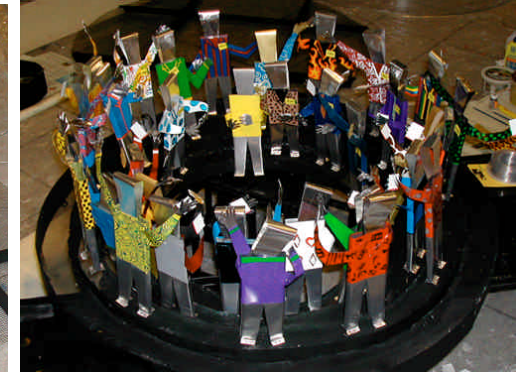

Pam Payne (pam@brickhaus.com, 718-832-1365)

Shaded areas show where there is some obstruction from Trading Floor model (window screen and "Traders"). White area shows where there is only chicken wire.

Trading Floor Model is built upon 1/4" chicken wire.

Base of the "rings" are made of window screen. Traders are securely attached to "rings" with wire. "Rings" are attached to chicken wire base with wire.

Chicken Wire is fastened to 1" metal frame which rests upon (and will be attached to) blocks screwed into Plexiglas.
